EXPERIENCE

Pfizer (Thailand) Limited

Bangkok, Thailand

Country Brand Manager (Abrysvo™ - RSV Vaccine)

Nov 2024 – Oct 2025

- Successfully launched **Abrysvo** (Pfizer's blockbuster RSV vaccine) in Thailand, leading end-to-end strategy from market research, positioning, and go-to-market planning for both maternal and older adult segments.
- Organized the national Grand Launch Event and multiple scientific platforms, including Standalone Symposia and Third-party Symposia, to maximize product visibility and scientific engagement with HCPs.
- Collaborated in the regional Train-the-Trainer program to strengthen and expand the pool of expert speakers.
- Worked closely with Global and Regional teams to align on strategic priorities, including the rapid launch of promotional materials for a real-world effectiveness publication within **72 hours**.
- Partnered with cross-functional teams—including Sales, Medical, Supply Chain, Regulatory Affairs, and Market Access.
- Developed comprehensive marketing materials for HCPs and patient-focused educational tools to communicate vaccine value, empower HCP recommendations, and drive patient demand.
- Designed and executed sales force readiness programs to ensure effective in-field promotion.
- Achieved >THB 100M sales in the first year, surpassing target by over **400%**.

Biovalys Company Limited

Bangkok, Thailand

Product Manager (Vaccine Portfolio)

Dec 2023 – Nov 2024

- Led marketing strategies, created/developed brand plans, and positioned the product.
- Initiated marketing activities including sales promotion campaigns, events, and symposiums.
- Created and developed promotional materials for building vaccine/disease awareness.
- Analyzed data from sales teams and key accounts to develop and implement follow-up strategies.
- Identified and cultivated new KOLs to expand network influence and maintained engagement with existing KOLs
- Implemented monthly training sessions for sales teams on product knowledge, content, and key messages to effectively communicate with HCPs.

Pfizer (Thailand) Limited

Bangkok, Thailand

Marketing Intern/ Therapeutic Sales Representative (Prevnar13 Vaccine Portfolio)

Jul 2016 – Aug 2021

- Interned and actively participated in the Marketing Team to develop key messaging strategies (from 2020 to 2021).
- Collaborated with the marketing team to analyze market data and develop marketing materials (from 2020 to 2021).
- Conducted competitive and trend analysis to shape targeted sales strategies.
- Built strong relationships with HCPs through visits, education, and scientific exchange.
- Delivered product training to HCPs, simplifying complex concepts into clear communication.
- Monitored sales performance and collaborated cross-functionally to drive campaigns supporting sales and brand awareness.

Boehringer Ingelheim

Medical Sales Representative (Cardiovascular Portfolio)

Bangkok, Thailand

Jul 2015 – Jun 2016

- Conducted market analysis to identify emerging trends and competitor activities, enabling the development of targeted sales strategies that resulted in a 20% increase in market share and achieved 110% sales target in 2015-2016.

PROFESSIONAL PROJECTS

Pfizer (Thailand) Limited

Bangkok, Thailand

- **BERNI Project (Real-World Effectiveness Publication Launch):** Rapid launch of promotional materials within 72 hours of publication; achieved high HCP email engagement and completed sales force training within 72 hours.
- **ANC Project (Maternal Immunization Awareness):** Designed and implemented communication materials and educational campaigns in ANC clinics, optimizing patient flow.

Biovalys Company Limited

Bangkok, Thailand

- **Vaccine Donation to BMA:** Collaborated with Bangkok Metropolitan Administration (BMA) to enhance vaccine accessibility and raise awareness among government agencies.
- **Say bye to EV71:** Collaborated with sales team to organize activities promoting disease prevention and vaccine awareness among end users.
- **Content and Visual Aids for Public Outreach:** LCD screens in hospitals, billboards on expressways/public areas, and infographics/videos on social media platforms.

Pfizer (Thailand) Limited

Bangkok, Thailand

- **Family Vaccine Project Management (Prevnar13):** Co-designed, developed, and implemented a plan to promote customer interest for family vaccines.
- **Playbook Online Marketing Content Project (Prevnar13):** Co-designed and implemented marketing materials for social media promotion of family vaccines across all age groups in Thailand.

ACADEMIC PROJECTS

Stevens Institute of Technology

Hoboken, NJ

- **Industry Capstone Program:** Capital access in Healthcare Technology Company, Munevo Inc., NY, USA.
- **Social media analytic in different ages:** Researched social media preferences and analyzed audience behavior to inform effective advertising strategies for marketers in the digital age.
- **Spotify Analytics:** Managed and compared Spotify song data using Tableau to investigate and identify correlations between music genres and types with popular playlists. Utilized the findings as a foundation for developing algorithms.
- **Marketing Analytic and Development Project, Granbyware:** Developed a comprehensive marketing plan for Granbyware, a start-up based in England, specializing in 100% recycled ceramic dinnerware. Conducted thorough analysis of target groups, competitors, pricing strategies, and other relevant factors to inform the plan's implementation and maximize market potential.
- **Organization behavior and design project:** Researched and analyzed the benefits and drawbacks of implementing a 4-day workweek in Japan and hybrid workplace models in organizations. Developed insights into the impact on organizational behavior and employee well-being in the current context.

Chulalongkorn University

- Comparison of safety profiles between cyclophosphamide and Mycophenolate Mofetil (MMF) in 72 lupus nephritis patients (2004-2013) at Phramongkutklao hospital, Thailand.
